

PASTURE RAISED. RANGE READY.

We are excited to invite you to our Two-Year-Old Registered Angus Bull Sale on Wednesday, March 5th. As a family deeply rooted in the Angus business since the 1960s and with 44 years of experience selling registered Angus bulls, we are proud to continue offering cattle that positively impact your herd and the marketplace.

The current feeder cattle market presents an excellent opportunity for producers. Demand for quality, efficient, and consistent feeder cattle is high, and we are dedicated to helping our customers meet this demand. Our program is built on decades of commitment to breeding efficiency and performance, anchored by our exceptional cow herd, which includes a strong representation of Pathfinder-designated females.

Our bulls are specifically developed with your success in mind. They are bred to enhance the quality of your feeder calves, ensuring they meet the demands of today's market. Uniformity, performance, and genetic excellence are hallmarks of our program, and we take great pride in the consistency of our cattle.

Investing in superior genetics is the foundation for producing cattle that thrive in the marketplace. By choosing bulls from our program, you select traits that drive profitability, including feed efficiency, growth, and carcass quality.

We invite you to review our sale catalog and visit us to see the bulls firsthand 8 1/2 miles north of Bassett any time. We are here to answer any questions and help you select the genetics that best fits your operation. We are working with DV Auction again so you can look at videos in February. Look for links on our website, www.hallranchangus.com, on Facebook or Instagram, @hallranchangus1902. If all else, the bulls will be in town on March 4th for your inspection. Thank you for considering our program, and we look forward to seeing you at the sale.

2025 SALE REFERENCE AI SIRES:

Sitz Barricade 632F
4.2 85 143 14 Barricade is unmatched in his depth of body, muscle shape and outstanding growth figures. Also has a maternal side to him to make those easy fleshing daughters.

Musgrave Jumbo 239
0 80 139 25 Jumbo is a predictable calving ease sire with an uncommon shape, substance, and overall power he possesses.

Sitz Spectrum 0060
0.6 80 142 26 Spectrum combines an unmatched EPD profile, a respectable, maternal pedigree and a solid body type to make him a truly unique herd sire.

LAR Man in Black 075
2.8 93 159 23 He's been a man amongst boys from a young age, combining tremendous base with and muscle with exceptional substance, rib shape and length of body.

Hoffman Thedford 0061
0.5 79 144 34 Thedford's daughters are feminine and correct, and his sons are stout and masculine. He should improve docility and add a notch more stature and loads of performance.

DB Iconic G95
1.4 85 150 24 A sire of iconic proportions. Iconic is a unique blend of physical excellence and outstanding EPDs and indexes, making him an easy mating for so many breeding programs.

Sitz Resilient 10208
0.7 79 137 23 Resilient offers an outstanding maternal design with a great foot score. He will produce great females with great teat and udder quality.

OWNED SIRES:

KR Incredible 8516 0.9 74 139 35
Out of a first calf heifer. He is long, deep and correct in his makeup.

MAF Capitalist 967 1.7 62 113 23
Deep, stout and powerful made bull in a smaller framed package. Packed full of red meat and travels easy on his feet.
